

Pearls and Gems for Real World IONM Application

ASNM 2021 Fall Symposium Agenda

Saturday, September 18th 2021

7:55–8:00am CT ASNM Presidential Welcome: Laura Hemmer

Spine Surgery

Moderator: Justin Silverstein

8:00–8:35 am CT Surfing the D-Wave Chris Pace, PhD, CNIM

8:35–9:10 am CT Detecting Femoral Nerve Conduction Failure to Prevent Femoral Nerve Injuries in Lateral Lumbar Spine Surgery Jon Block, DC CNIM

9:10–9:45am CT Position Yourself for Success – Managing Changes in Cervical Surgery Kent Rice, MS, R. EEG/EP T, CNIM, DABNM, FASNM

9:45–10:20am CT Tethered Cord: Utilizing Monopolar & Concentric Bipolar Stimulation David Allison, PhD, CNIM

10:20–10:30am CT Spotlight on Recent Literature: *Utility of Motor Evoked Potentials to Diagnose and Reduce Lower Extremity Motor Nerve Root Injuries During 4,386 Extradural Posterior Lumbosacral Spine Procedures.* W. Bryan Wilent PhD et al Julie Trott, MS CNIM GCertEd

10:30–10:50am CT LIVE Q&A Round Table ALL | Moderator: Justin Silverstein

10:50–11:00am CT Break / Spotlight on Sponsors

Cranial Surgery

Moderator: Clare Gale

11:00–11:35am CT Successful MVD but Where Did Our Data Go? Jeffrey Balzer, PhD, F.ASNM, D.ABNM

11:35–12:10pm CT Extra Ice Please! Alert During a Language Mapping Case Reiner Henson B. See, M.D

12:10–12:45pm CT Cortical Excitability in Intraoperative Mapping: Friend or Foe? Mirela Simon, MD

12:45–12:55pm CT Spotlight on Recent Literature: *Asleep Speech Mapping Using Orofacial Muscles as Surrogates for Motor Speech in Patients Who Cannot Tolerate Awake Surgery: A Case Series.* Bonda D, Silverstein J W, Katz J, et al. Justin Silverstein, DHSc, CNIM, FASET

12:55–1:05pm CT LIVE Q&A Round Table ALL | Moderator: Clare Gale

1:05–1:20pm CT Break / Spotlight on Sponsors

Vascular Surgery

Moderator: Justin Silverstein

1:20–1:55pm CT	A Neuromonitoring Adventure in the IR Suite	James Watt, BS, R. EP T.,CNIM
1:55–2:30pm CT	Warring with Willis: Tips and Tricks to Prevent Defeat in CEA's.	Teal Taylor, BS, MA, R. EE /EPT., CNIM
2:30–3:05pm CT	Diagnosing Brainstem Ischemia...stim and BAER it!	Cheryl Wiggins, Au.D., CNIM, DABNM
3:05–3:15pm CT	Spotlight on Recent Literature: Arterial collateral anatomy predicts the risk for intra-operative changes in somatosensory evoked potentials in patients undergoing carotid endarterectomy: a prospective cohort study. Mandy D. Müller et al	Faisal Jahangiri, MD, CNIM, DABNM, FASN, FASET
3:15–3:35pm CT	LIVE Q&A Round Table	ALL Moderator: Justin Silverstein
3:35–3:50pm CT	Break / Spotlight on Sponsors	

A Day in the Life

Moderator: Clare Gale

3:50–4:20pm CT	Anesthesiologist: Anesthesia for IONM: At the Crossroads of Discordant Expectations	Ferenc Rabai MD
4:20–4:50pm CT	Remote Supervisor: Good morning Doctor, baselines.....	Joe Moreira MD
4:50–5:20pm CT	Surgeon: Neuromonitoring & Neurosurgical Decision Making	Jason Ellis, MD
5:20–5:30pm CT	LIVE Q&A Round Table	ALL Moderator: Clare Gale
